Positioned within the rolling hills of Stafford Heights sits this newly constructed abode that seamlessly combines luxury, comfort, and convenience to create a truly unique living experience.

As soon as you enter the home, you are greeted by a sense of grandeur that few properties can replicate. Moving through the foyer the first thing you notice is soaring 3m ceilings, which is enhanced by half-height VJ walls, you are led into a stunning open-plan kitchen, living, and dining space that offers a serene view of the backyard and the extra large in-ground pool. The kitchen is fitted to the highest standards, featuring an expansive island bench with stone countertops, soft-close cabinetry, a walk-in butler's pantry, ample storage space, and so much more. The ground floor of the home also accompanies an additional ground floor bedroom, along with a spacious media room, perfect for movie nights with the family!

Moving upstairs, you'll find a second living space just off the landing, perfect as a kids' retreat or a relaxing spot for parents before turning in for the night. This level also features four additional bedrooms, three of which have built-in robes and all with upgraded wool carpet. The primary suite is finished to the highest standards, featuring an expansive walk-in robe, a high-end ensuite with quality fixtures and fittings, and a tranquil view of the property's surroundings.
