Timeless Cottesloe Character Residence

There are very few homes in this fabulous beachside location that reflect the wonderful history of the suburb with such a sense of timeless character, warmth and homeliness.

Beautiful rooms with high ceilings and turn of the century finishes, fireplaces, floor boards, stained glass, and the most magical verandah / outdoor living area - all framed and overlooking a garden and lawn area which feels magical and perfect for long summer evenings with family and friends.

Only a moments stroll to north Cottesloe beach, the Cottesloe tennis club, the civic centre and numerous cafes, shops and parks - the home rests calmly in the golden ocean zone of Cottesloe.
