Bedrooms: 3

Bathrooms: 2

Parkings: 1

Type: House

Oversized modern freestanding house with parking

A contemporary interpretation of a classic freestanding city house, this lovingly kept home is a striking showcase of oversized proportions, layered materiality and clean lines. The expansive open living space spills to a private alfresco dining deck. Upstairs are three generous bedrooms including a whole-floor master suite reached via a floating timber staircase/lightwell. So close to the King St and Enmore Rd hubs, St Peters and Newtown train stations, it feels peaceful and private inside, with valuable off-street parking. (Set on a self-managed Strata lot with no levies).

Highlights

- * Freestanding w/ 2 street frontages
