We aren't kidding when we say it needs work. The home is situated towards the back of the block (approx. 809sqm) which leaves a large front yard available. Design wise the home is built in a U shape around a central covered outdoor area at the front of the home. There are doors on all three sides opening onto this covered area with at its heart a planter box/water feature of sorts. The main house is comprised of an open plan kitchen, dining, and lounge which features a floor to wall tropical island mural. A hallway leads to the master and second bedroom, bathroom, and laundry. A third room which is only accessed off the outdoor area has its own private bathroom. Fenced on all sides and with public transport right out your front door.
