Bedrooms: 1

Bathrooms: 1

Type: House

Hermina Vickers

PRIME INVESTMENT PALMER STREET NORTH MACKAY

This beautiful building is on 1,128 square metres of land in a prime location of North Mackay.

This building which originally was a church has the potential to be utilized in many ways:

1. To transform this beautiful building to an amazing residential home. There is a building at the back of the block that is used for storage and could easily be converted to a granny flat. Close walking distance to schools, chemists, doctors, cafes, supermarket, post office, newsagent, and butcher shop.

2. To re-open up as a restaurant. Current owners will be closing this business on 31st December, 2024. Until then, the business brings in a very good return with all insurance, rates etc. paid by current tenant.

It is fitted out with a commercial kitchen, is fully air-conditioned and has plenty of car parking on site and on the street. It has great exposure and current restaurant has a high profile in Mackay.

Owners are keen to sell and are looking for offers.

Please phone Hermina on 0427 577 447 anytime to organize an inspection.
