Charming Cottage with Room for the Boat

Step into this delightful cottage home, where classic charm meets modern convenience. The stunning timber floors lead you through a spacious and clever layout featuring three generously-sized bedrooms, each equipped with built-in robes, while the master boasts brand new carpet for added comfort.

The front living area is a bright, airy sanctuary with double glass doors that seamlessly blend indoor and outdoor living, bringing nature right into your home. A second, separate living space offers versatility-perfect as a kids' playroom or a home office, complete with its own exterior access for privacy and convenience.

The heart of the home, a modern kitchen, is equipped with a dishwasher and sleek stainless-steel appliances. A central skylight bathes the space in natural light, adding a touch of class.

Outside, a sizeable backyard awaits, offering exceptional parking solutions with ample space for your boat, caravan, or trailer - or the tradies dream! The rear lane access makes maneuvering easy and convenient with no need to reverse in and out on the main road. This property also features a single garage and carport for ample parking or storage solutions.

This cottage is more than just a home; it's a lifestyle waiting for you to enjoy.
