Streetscape is only the start of this oversized family home that will impress with its expansive open-plan living areas, sprawling outdoor entertainment area, and inground pool. The kitchen is the epic hub of this unique home. Its practical use of space offers an ideal configuration for entertaining. The open-plan design has taken full advantage of the outdoor living area, bringing the outside in. The double drive-through garage/carport adjoins the entertainment area, creating a massive party playground that continues to the pool and spacious private backyard. There is plenty of room for all the toys and room for the fur babies and kids to play on this 700sqm secure property. This spacious property offers everything you desire for a premium lifestyle. Enjoy our 3D virtual tour - Please call to arrange your private inspection today.
