\$895,000

Located in the popular Waterford Park estate, this low set family home offers more than enough space and enjoys the perfect Northerly aspect. The home features five bedrooms, the main is home to an extra large walk in robe and the ensuite is complete with a double shower. The remaining four bedrooms feature built in wardrobes and the whole house has security screens for safety along with ducted air conditioning for maximum comfort, all year round. The living areas of the home are flooded with natural light and are more than generous with three large living zones. The central kitchen services the home with a walk in pantry, modern appliances and breakfast bar. Solar power keeps the running costs in check while the beautifully planted gardens provide a real softness and are a haven for birdlife. With a flat yard at the front of the home, there is also extra storage to the side for a caravan, camper or boat. With handy access to shopping, sport and education facilities, this is a great opportunity for the modern family.
