Living Space 162m² / Block Size 425m² / Build Year 2012 This home is significantly bigger in both living space and block size than your average 3 bedroom home in this area. To the front of the home, there is a security door, second enclosed living space (could be a home office or 4th bedroom) and the master bedroom, which is a great size and comes with a his and her walk-in robe as well as its own ensuite bathroom. The main living comes next which is expansive with heaps of room to configure how you wish and easy access to the decked oversized alfresco. The kitchen is well appointed offering bench and cupboard space, built in pantry, fridge recess, and 600mm appliances. The minor bedrooms would both accommodate double beds and come with built in robe space. The front loading garage offers access straight into the kitchen, very handy for unloading the food shop. The decked oversized alfresco is perfect for entertaining and there is still a sizeable amount of back garden for the pets or kids to play, add a pool or maybe even a small workshop should you wish to do so.
