With its Japanese garden bringing zen calm, and a picture-perfect refresh inside - this is a chance at total serenity along Antonio Park and the Eastlink Trail. The character split level home offers bedrooms at either end of the living space, coming together across a stunning contemporary kitchen, dining room and rumpus with high raked ceilings. With two living rooms at the heart of the floor plan, there's space here for the growing family, with an interior renovation inspired by the classical look of Italian Calacatta marble. The 4 zoned bedrooms provide a dedicated wing for children at the rear, complete with its own bathroom, as well as a private master with ensuite at the head of the home's entrance. Walk in showers, large vanities and dramatic feature lighting transform the bathrooms into sanctuaries. A peaceful undercover BBQ deck overlooking the Japanese bridge and gazebo offers an idyllic al fresco space for reflection and weekend entertaining - close enough to the neighbouring park that you can hear beautiful birdsong. Among a host of exclusive features are solar panels, decorative lighting, Euro kitchen appliances, sheers and drapes, central heating and a signature garden complete with pebbled pathways and a mature weeping cherry tree as its centrepiece. What a unique parkside retreat, in walking distance to Antonio Park Primary, close to Mitcham and Nunawading stations, Eastland, Eastlink and some of the district's most beautiful bushwalking tracks including Schwerkolt Cottage Reserve, the Mullum Mullum Creek and the hidden gem of Yarran Dheran Nature Reserve.
