Magnificent Mountain Views for Multi Generations

It's the perfect family home for multi-generations with 5 bedrooms, 1 study & multi-purpose room and 3 bathrooms, zoned over separate levels to give everyone their own space – located in walking distance to both Mount View Primary & Glen Waverley Secondary College.

?

Grandma will love hearing the children play from across the road at Mount View Primary. Kids will love getting a sleep in when your school is right on your doorstep. And everyone will enjoy the beautifully bright living space from this feng shui positive address at lucky 17 which is said to symbolise "new beginnings and forward momentum."

?

From its high rising position, the uppermost level presents magnificent mountain views of The Dandenong Ranges from the bedrooms – creating a panorama that's a pleasure to wake up to.

?

The modern enhancement of new golden floating floors, and renovations in the kitchen and bathrooms give you a fresh, inviting setting to call home.

Premium AEG appliances (including an oven with steam function) deliver a first-class cooking hub, with natural flow between the dining and living rooms for when you're entertaining.

An enclosed sunroom adds to the lifestyle appeal – the perfect place to relax, or BBQ with plumbing connections to add a sink for an outdoor kitchen.

Ducted heating, split system cooling, a laundry with drying racks, clever storage space, double garage with internal entry, an adventure playground and raised garden beds add to the impressive feature list to put you close to the district's top schools, beautiful parks, and great shopping at The Glen from this intergenerational family wonderland.
