The house is close to schools, public transport, Woolworths, and a shopping centre. The house has large, flat, and beautiful front and back yards. It features a garage (storage) and two car spaces.The house is situated on a significant, flat block of land measuring 725.8 square meters, at the very end of a quiet and safe street where children can freely and comfortably play. A cul-de-sac complements family life with little traffic and greater privacy in a serene living environment. Fifty meters away, there is a large public park for people and pets to relax.The significant distance from neighbours on all sides of the house lets in sunlight for a warm and bright home. Broad windows, along with receiving sunlight, provide every room with a great view of the yard or the street. The house is also equipped with air conditioning.The unique location of this house combines its position on the higher side of the street, at the end of the cul-de-sac, and significant distance from its neighbours, enabling a distinctly private and comfortable backyard. There is always peace of mind at home or in the garden without feeling watched or interrupted.The owners of this house have moved to the USA to live, so you can have a long-term lease for many years without needing to move.The house is available from 1st August 2024.
