DOUBLE ABSOLUTE BEACHFRONT, DOUBLE BLOCK, DOUBLE STOREY

Located in the highly sought after enclave of Hibiscus* Lane, this Coral Seafront residence is ready for someone to stamp their own style on it.

Hibiscus* ...

Yellow Hibiscus is associated with happiness, sunshine & good luck,

Red Hibiscus is associated with love & passion,

Pink Hibiscus is associated with friendship & diverse kinds of love,

Purple Hibiscus is associated with mystery and knowledge,

Don't you & your family and friends deserve the Hibiscus experience?

Featuring 4 bedrooms; 2 of which are ensuite, for a total of three bathrooms, three distinct living areas, ocean facing kitchen and a large pool on a 1244sqm block of irreplaceable Coral Sea frontage. Sub-divisible (STCA), this is indeed a rare offering.

The hold period for properties along this exclusive beachfront strip of 27 homes-only three of which exceed 1200m²-is nearly three times longer than that of non-beachfront properties, as these homes rarely come to market. This is primarily because once someone makes the decision to buy beachfront it takes them three times as long to tear themselves away from it. They never ever really want to go.

Watching the sun rise over the ocean in the morning and listening to the waves at night is truly cathartic, if you're a water soul, you are quietly dying if you're not already in your beachfront home ... start to live! Life is simply too short, make that buy decision today and add the whole Hibiscus* effect to your life.

Call Chris Marsh to arrange a private inspection.

NB. Tenants need at least 24 hours' notice prior to inspection.
