There's no doubt you'll see dozens of properties hunting for a new family home. This one has got everything: The right size, the right position and the right selling points. Ready for you to start moving in. First off take into account its proportions: single-storey, 4 bedrooms, 2 bathrooms & double lock up garage. Next, its location: close to Reid Highway and Near by to Swan Valley wineries and eateries. As well as being down the road to Caversham Shopping Center. Close to transport and Dayton Primary School. Lastly, its other high points: 2 decent sized living areas, master chef kitchen with stainless steel appliances, air-conditioned, built in robes, open planned dining & family room, slimline venetians blinds, enclosed paved backyard and relaxed 'pets allowed' policy. With all these great features, this home will be snapped up very quickly. Don't delay.
