Three bedrooms with built-in robes await down the hallway, along with two bathrooms and a discreet laundry. High-quality fixtures, including fans and LED lights, enhance the living space. While the home is fully air-conditioned, the elevated position ensures refreshing breezes year-round. Step outside to your private oasis—a plunge pool awaits, along with a double carport which doubles as an outdoor entertaining space, and additional car parking in the driveway. But wait, there's more! Next door, an approximately 611m² block features a BRAND NEW 2-bay shed plus a built in living quarters—complete with kitchen, lounge, dining, and bathroom.
