\$570,000 - \$620,000

This beautifully presented and well-maintained Lakeside home is a must see. The cottage design has immediate street appeal, matched inside with 2.7m ceilings and elegant touches throughout. This is a rare opportunity to buy a quality home so close to all that Lakeside has to offer. The floor plan provides 3 bedrooms, master with walk through robe and semi-ensuite. Remaining bedrooms have built-in robes. A generous open plan living space is filled with morning light and views of the garden. The kitchen has an electric oven, gas cook top, tiled splashback, pantry, and breakfast bar for casual meals. Indoor-outdoor living is easy with the dining area opening into the pergola, a great place for that much needed cuppa. A landscaped and private rear yard is pet friendly. Extras include gas ducted heating, in-built gas fireplace, split system cooling, feature lighting, garden shed, and a single remote garage with rear doors for additional parking/storage. This sought-after location is metres from the Toomuc Reserve walking tracks, and a stroll to the Lakeside Village shops, with supermarkets, cafés, pharmacy, medical centre, and many more boutique shops. Add to this a Cultural Centre with live theatre and café, next to a 6.5H lake that the entire community enjoy every day. Don't miss this gem, book your inspection today.
