There's a feel-good factor that shines through the freshly renovated interiors of this three bedroom, two bathroom Victorian inspired home zoned to Northcote High. Featuring a fresh-faced façade behind superbly landscaped gardens, this modernized home brings together the on-trend finishes of today with the classic features of a bygone era. Wide plank Oak floors line a spacious hall that introduces double bedrooms with robes and features a chic master suite with its his/hers walk through robes and a spectacular terrazzo like lined bathroom with a wall hung sink and decadent walk-in shower. The chic bathroom is equally decadent with a stylish tub and the adjacent powder room is all class. Open plan living and dining is thoroughly modern. Anchored by a fashionable island kitchen that boasts a 900mm Smeg range, fully integrated dishwasher and excellent storage, this spacious domain flows via sliding doors to an alfresco porch and rear gardens that pets, and young children are going to love. With wool carpets, separate laundry, ducted heating and split system air-conditioning, live a life less ordinary near a wealth of cafes and restaurants, cosmopolitan shopping of High Street, St Georges Road trams, Northcote Station and an excellent range of well-regarded schools.
