Living large in Maylands' riverside precinct

Nestled between Lake Bungana and the Swan River, this spacious double-storey home was designed with families and entertainers in mind. Built in 1999, it certainly has stood the test of time thanks to its flexible floorplan offering plenty of separation for families of all generations.

You won't believe the amount of space on offer here, with formal dining, a formal lounge room, generous open-plan living, dining and a gourmet kitchen on the ground floor. Upstairs, three bedrooms encircle an informal family room with a balcony ideal for study and relaxation. This layout leaves the downstairs primary bedroom completely separate from the family wing, making the most of the jacuzzi room leading off the ensuite and opening to the alfresco dining. It doesn't require much imagination to picture the epic gatherings you could host from this home.

You're only a stroll from the many trappings of the Swan River, including riverside trails, sporting facilities, De Lacy Reserve and the Maylands Peninsula Public Golf Course. From this central location, you're close to the Maylands Yacht Club, the 8th Avenue/Whatley Crescent dining and shopping strip, the Maylands Train Station, the Perth Airport and Perth's CBD.

Families are well catered for with a range of nearby parks and excellent schools such as Maylands Peninsula Primary School, Perth College Anglican School for Girls, John Forrest Secondary College and Edith Cowan University. From the moment you enter the double-height foyer of this home situated on a 491sqm corner block, it will be easy to picture yourself in this grand property. Homes in this riverside precinct are highly sought after, so you will need to be quick to secure this one. So don't hesitate to contact John Caputo on 0433 158 384 to arrange a viewing today.
