Stylish Modern Home - Low Maintenance Living with stunning Rural Outlook!

Defined by its vast living/dining space and high ceilings this home has a modern coastal design and sets the standard for elegance and comfort, with a build of the highest proportions. Crisp white interiors contrast against the darker tones of the floating timber floors & kitchen cabinetry to create a contemporary interior that awakens the senses and provides a relaxed feeling of comfort and peace.

The kitchen features stainless-steel appliances, 900mm oven & cook top, Caesar stone benchtops, and a generous pantry & plenty of cupboard space. Temperature is maintained at a comfortable level with ducted-gas heating and evaporative air conditioning.

The intelligent floor-plan places the master suite at the front of the home and offers an ensuite and walk-in robe. The two minor bedrooms all contain built-in robes and are serviced by a centrally located and stylish bathroom. The functional layout also provides combined open plan living and dining spaces with direct access through sliding doors to the spacious back yard.

Externally the home offers an double lock-up garage with remote roller door access & plenty of room for storage. Low maintenance gardens and the beautiful rural outlook make this an ideal holiday home or downsize opportunity.
