\$520,000

The perfect blend of old and new with this fully renovated home that is full of character and has undergone a significant transformation over the preceding 3 years. Boasting a great location close to parklands, tennis & bowls club, gym, and medical facilities including the hospital and within easy walking distance of main street shopping this property could suit all age groups. Features of the home include high ceilings and polished floorboards throughout, 3 bedrooms of which 2 have original fireplaces and the master bedroom includes an adjoining room that could be either a huge walk in robe/study or parents retreat. The lounge room is large and includes an ornate bay window with stained glass features and a fireplace and full book case as a feature, whilst the modern country style kitchen includes a large chef's oven and sits adjacent to a second living area. At the rear of the home is a new bathroom along with a new laundry area that also includes a toilet and walk in shower space. Externally there is a large double carport, an outdoor entertaining space and some useful garden shedding. This property is perfect for buyers looking for a character-filled home that has been tastefully updated to offer contemporary comforts while retaining its historical charm.
