\$495,000 - \$520,000

Value add here and watch your commitment grow. Secure your place in one of Bendigo's best-loved streets. Perched on the high side of this prestigious location beautifully elevated on the corner of Harley and Landale, and just a short walk to everything the neighbourhood is famous for, such as the Kennington Reservoir and bush reserve, Kennington Village shopping centre, Kennington Tavern and the Harley Street Café. The many public/private primary and secondary schools along with Latrobe University are all minutes away. The three-bedroom brick veneer is set well back from the street, ensuring both presence and privacy. It also enjoys great views of the westerly sunset. A long, paved driveway leads past an established garden to a single lock up garage. The wide façade features twin bay windows and an undercover porch. The front door opens to a wide open-plan entrance and carpeted lounge room, which boasts one of those lovely bay windows, welcoming in the natural light. Behind this large living space is the kitchen and dining room. The original kitchen is beautifully presented and ready for its next home cook. It features a stainless steel wall oven, a gas cooktop, pantry cupboard and a casual breakfast bar. All three bedrooms have built-in robes. The largest of the three is the pick, with that second big bay window. The central bathroom is also in terrific original condition, with its bath, vanity and separate shower. It has the same soft, natural tones that run throughout the home. The laundry has a door to the back porch and garden. Other notables are ducted floor heating, ducted reverse cycle air conditioning, plus a refrigerated air conditioning unit. Whether you're looking to downsize, start out, or add to the rental portfolio, buying in this premier suburb will reward you in terms of lifestyle and investment for years to come.
