\$1,295,000 - \$1,355,000

Introducing a showcase of architectural brilliance and recipient of the prestigious HIA 2016 Award, now available for private sale. Nestled on an approximately 3,825 square meters of prime land, this masterpiece by McCarthy Homes offers a lifestyle of luxury and tranquillity. Surrounded by mature gumtrees, meticulously landscaped gardens and fully fenced for privacy, the property features a charming creek meandering through the rear, enhancing its natural allure. Conveniently located on the corner of Saxby Drive and Strathfieldsaye Road, on the Bendigo side of Strathfieldsaye, the residence is in proximity to Strathfieldsaye schools, shops, Kennington Village and local schools. Upon entering through the towering entrance flanked by rendered walls, guests are welcomed into a spacious, light-filled foyer with magnificent chandelier. The lounge, featuring a stylish Jet Master gas fire and Caesarstone hearth, exudes warmth and sophistication. The main bedroom, study, and a thoughtfully designed ensuite with a his-and-hers vanity, large freestanding bath and spacious shower, epitomize luxury. The open-plan living area seamlessly integrates a communal family space with a modern kitchen boasting a large walk-in pantry and Caesarstone benchtops. Three additional bedrooms, each with walk-in robes, are connected by a well-appointed passageway leading to the family wet room/bathroom and a separate powder room. Outdoor living is elevated with a large decked alfresco area overlooking the mature gumtrees at the rear. Access from Saxby Drive leads to a spacious double garage with an insulated auto panel lift door, providing seamless entry to the home. Abundant strategically positioned storage areas, from the laundry to the pantry, emphasize that the home is not just a showpiece but a meticulously designed haven for luxurious living. This is an unparalleled opportunity to acquire a residence of distinction in a serene and coveted location. Photos and video do not do this home justice so and inspection will impress.
