\$440,000

Great position backing onto the Quartpot Creek and its parklands - stroll for 'miles' and enjoy the convenience of being practically in the heart of our beautiful town centre. This could be an ideal property to set up as an Air BnB! Recently refurbished with new paint, floor coverings, kitchen and bathroom, 3 bedrooms, air conditioning and there is a rear deck with roof (great to relax on and enjoy those views). A detached garage offers secure parking for 2 cars. There is an outside shed which offers storage and a fully functioning 2nd lavatory. The house has a brick base and iron roof. Did we mention the great position?
