A Property With a Huge Upside

2 Cedar Street offers up a plethora of possibilities with its dimensions, its layout and the size of the block. At over a 1000 square metre block, the home sits predominantly to the front, leaving a massive back yard and possible development opportunities (STCA).

The house is featured by the sheer size of the rooms. The living room in particular is an example of this. The bedrooms follow suit with main, allowing the opportunity for a serious parent's retreat, given its proportions. Two bathrooms are certainly family friendly as is the updated kitchen and meals area.

The home is presented superbly and allows for your own footprint. The front and backyards are 100% lawn and you will have a blank canvas to create your own paradise.

There's plenty of under house storage and a paved area to create an outdoor entertainment haven. With views of the city, a 3 minute drive to Mowbray shopping precinct and a 10 minute commute into the CBD you are position perfect.
