On offer is a very charming and inviting home nestled in the acreage section of Flagstone. The home is well built and designed to accommodate a growing family but is still suitable for a couple. Upon entering the home, the large living area can easily accommodate the largest of lounges. This is a warm and inviting space as the fireplace will keep you warm for the upcoming winter. Flowing on from this space is the combined kitchen and dining area. Again, the dining area is a very reasonably sized space with the kitchen adjoins this space. The kitchen itself is a very functional kitchen with plenty of bench space and easy to navigate around. There are 4 bedrooms. 2 upstairs bedrooms are massive and have plenty of storage and cupboard spaces and study nooks in both bedrooms. There is also a bathroom up here. These 2 bedrooms are perfect for older children. The 2 remaining bedrooms are on the ground level. The master bedroom has its own private study or even TV room for the parents. Outside you will find a very inviting pool area with Balinese hut, 6x9 shed, manicured lawns with established gardens. Also this property has 2 street frontage. There is plenty of room to build a 2nd dwelling here as well.
