Type: House

Darren Winkler

\$520,000

Nestled in a very quiet street on a massive 5,603sqm allotment with views overlooking the Richmond River and Jabour weir is this double storey three bedroom plus rumpus room home. Currently tenanted at \$450 per week this home would continue to be a great investment or a very suitable family home. The three bedrooms are situated upstairs with a rumpus room, study or possibly a fourth bedroom situated down stairs. Recently refurbished the home has a separate lounge room, dining area and kitchen. The lounge room and main bedroom are both air conditioned and ceiling fans in most other rooms. The deck has been positioned on the western side to take in the beautiful view looking up river and across the weir. There is a two car garage/carport area with a workshop area and the laundry (with a second toilet) located downstairs. There is plenty of room in the yard for a garden or veggie patch. Although located in a very quiet street the home is situated only minutes from main shopping area of Casino, 1km from schools and close to the hospital.
