Hi, I'm an original build with the comfort & functionality of a new home

Say hello to this this enchanting classic double brick home that has been tastefully updated to preserve its original allure while incorporating modern conveniences. Positioned on a secure corner allotment and surrounded by lush greenery, this property exudes character and charm while utilising every square metre to its full potential.

As you step inside, a cosy and inviting ambiance welcomes you, enveloping every corner of the home. The polished timber floorboards and downlighting set a warm, stylish tone throughout. A glass sliding door separates the hallway from the living area where large windows adorned with sheer curtains engulf the space with an abundance of natural light. This serene setting is the perfect spot for unwinding and relaxing.

The open plan dining and kitchen area seamlessly connect from the living room creating the perfect space to cook, entertain and relax. The updated kitchen features white cabinetry, stainless steel appliances including a 5-burner gas cooktop, rangehood, wall oven, and dishwasher perfect for culinary enthusiasts. The dining area boasts pendant lighting and enjoys abundant natural light through the north facing French doors that lead to a paved outdoor entertaining area. Semi enclosed with Blackbutt timber panelling, the area is surrounded by greenery, creating a serene oasis for relaxation and social gatherings.

The home accommodates two generous bedrooms, both fitted with built-in robes and ceiling fans, ensuring convenience and comfort. An immaculate Art Deco main bathroom showcases feature green tiles, terrazzo floor, and an upgraded vanity and shower screen a perfect blend of retro charm and modern functionality.

The dedicated study / 3rd bed option found through the sunroom is conveniently located away from the noise of the main living areas, making an ideal setting to work from home. Both the study and sunroom are fitted with additional storage adding to the overall practicality of the space. Parking is a breeze with an undercover carport that accommodates up to two cars behind automated gates, providing secure and convenient off-street parking.
