This weather board home is set in a perfect position, in a quiet court, almost next door to the hospital, about a 100m from the front gate to the P12 School and about 30m from the back of the Hopetoun Recreational Reserve. The home features 2 double bedrooms, central bathroom with shower and a separate bath, tidy kitchen with electric, internal laundry and separate toilet. There is polished floor boards mostly throughout and reverse cycle A/C. Outside the yard is mainly a blank canvas except for the single garage, rain water tank and of course the Hills Hoist. The property really only has 1 neighbour and fantastic rear lane access.
