Showcasing an exemplary design over an expansive single-level layout, this pristine home delivers executive quality in a location to cherish! Boasting a flowing design with plenty of room for large and growing families, an intelligent layout, low-maintenance design and premium outdoor entertaining means it has never been easier to enjoy your weekends! Stacked stone, render and timber combine to produce a pristine street presence with the sophisticated quality continuing throughout the polished interior. Timber-styled flooring brings texture and warmth to a crisp white palette, with soaring 9ft ceilings amplifying the wonderful natural light throughout. There is ample space for families to spread out, with large glass windows framing open-plan living and dining whilst a plush media room offers that separate retreat as desired. Classically dressed in white shaker cabinetry, there is no shortage of storage in the kitchen with a highly functional layout incorporating dual large walk-in storage options. A glass splash back complements quality stainless appliances, including gas cooking and integrated dishwasher, whilst thick stone tops the expansive bench space and impressive centre island. Perfect for the Queensland climate, a large deck extends from the living space with excellent coverage for all-weather use and generous sizing to cater to extended groups. It overlooks the glorious in-ground swimming pool, landscaped immaculately and including a separate spa and shaded large entertainment zone whilst surrounding landscaping has been intelligently designed with low-maintenance plants and artificial turf. Four plush bedrooms provide deluxe accommodation with three including walk-in wardrobes. The master bedrooms has a huge private ensuite, displaying a dual stone-topped vanity, floor to ceiling tiling and separate luxurious bath whilst the family bathroom is also immaculately appointed in contemporary coastal style, separate bath and mirrored storage. Additional features include a large laundry with built-in cabinetry, ducted air-conditioning, solar electricity and plantation shutters. There is shaded driveway parking for two vehicles, whilst the large double garage includes sliding doors and versatility to utilise the zone for a home based business! A premium enclave desired by families, you are just meters to a winding network of parkland and walking tracks whilst shopping, schooling and dining are all close by.
