There's more than meets the eyes when it comes to this solid 4 bedroom, 1 bathroom, 1 ensuite home. From the outside this home appears to be just your average brick home. However venturing inside you notice a touch of class with a decent size kitchen flowing into a grand open plan living and dining area. Strolling down the hallway you are welcomed by 3 decent sized bedrooms and a grand master bedroom accompanied by your own private ensuite. With these features, there is no doubt this home was made for entertaining and relaxing.
