Such a convenient location and tucked away nice and private. This Three (3x) Bedroom home has some "Wow" factors with its roomy interior and clever balance of indoors and outdoors areas. The interior has a lovely fresh feel with all new floor finish, completely painted out and a "Brand New" kitchen. The owners have open up the day plan with a fresh approach to the family living room which flows so nicely out to the covered outdoors entertainment area. This fully roof outdoors space is a massive 12 mtr by 5 mtrs all paved and fully roofed. The house has a Brand New Ducted Air conditioning system, while BIW's, in all bedrooms. A nice feature in the Lounge room are the double brick walls, and cleverly featured "convict bricks". The main bedroom has loads of space with a Wall of Storage and a luxurious sized ensuite complete with a lazy "Spa Tub". The Yard is all fence and is a generous 843 sqm. Both double garages are fitted with automatic remote garage doors, and there's direct internal access into the home.
