Welcome to 20A Mackay Way, this stunning, renovated four-bedroom, two-bathroom family home is situated on a peaceful, neighborly street in Hillarys area, offering proximity to parks, schools, and shops. Designed with a coastal Hamptons flair, the home has been thoughtfully updated both inside and out, creating a welcoming and stylish atmosphere. Inside, you'll find fresh paintwork and plush new carpets that elevate the home's interior. The outdoor space features low-maintenance garden space and not one, but two decked alfresco areas perfect for entertaining or enjoying quiet outdoor moments.

Upon entry, you're greeted by a bright, airy living and dining area with soaring vaulted, beamed ceilings that offer an impressive yet cozy ambiance. The large windows invite natural light and provide lovely views of the front garden, making this a perfect spot for gatherings with family and friends. Beyond the living area, a small study nook offers a convenient space for work or study. The open-plan kitchen, family room, and meals area blend seamlessly, with French doors leading to one of the decked alfresco spaces. The kitchen stays true to the Hamptons aesthetic with its generous storage, tiled splashbacks, a skylight for extra brightness, and high-quality appliances.

The home's spaciousness continues in the four well-sized bedrooms, all positioned towards the rear for privacy. The master suite is a true retreat, with its own sliding doors leading to a second decked outdoor space, along with his-and-her walk-in robes and a chic modern ensuite. Adjacent to the master suite is an additional area that can be customized as a dressing room, home office, or even a nursery.

The three additional bedrooms are anything but ordinary, each offering ample space and built-in robes for plenty of storage. Whether for a growing family or those who simply want room to breathe, this home promises comfort, style, and versatility at every turn.
