Discover the epitome of Sub-tropical Queensland living in this brand-new luxury residence, offering a blend of timeless aesthetics and signature style. Crafted through the award winning collaboration between Innovative Design & Build Group and Invilla Design, this home represents the height of luxury family living in the heart of Camp Hill. From the moment you enter, the extraordinary high ceilings and abundant natural light set the stage for the grandeur within. The wide 15m frontage enhances the expansive feel of the living spaces throughout the home. This residence boasts unparalleled space with five bedrooms, each designed to be a haven of comfort and privacy. The four bathrooms, adorned with brushed nickel features, exude opulence, while a powder room and a mudroom offer added convenience. Showcasing a cutting-edge blend of materials, the home features Calacatta marble, white mountain oak cabinetry and European oak throughout. The statement white fantasy benches, and seamless Pitt natural gas cook-top harmoniously blend elegance and functionality. Designed for family living and entertaining, the ground floor lounge and dining area seamlessly extends to an alfresco terrace, a beautiful backyard, and a sparkling swimming pool. Indoor and outdoor dining are seamlessly connected by a fully-integrated outdoor Alfresco kitchen, complete with a Beefeater BBQ and Artusi fridge. Situated on a quiet, family-friendly street, this home is just minutes away from several parks and playgrounds, and within convenient walking distance to Camp Hill Primary School. 21 Akala Street is truly the epitome of family living. Contact us today to arrange a private viewing and witness the extraordinary allure of this remarkable residence.-
