A Complete Transformation Ready For You!

Set behind a private front fence high on the hill and only a short stroll to 2 shopping centres, medical facilities, Bellarine rail trail, and all that 3219 has to offer this beautifully updated property on approximately 594 square metres is the ideal first home with nothing more to do, long term stress free investment property (app. \$460 per week) or even the perfect home for those that don't drive but want to retain their independence.

From the ground up this one has been meticulously updated with new floating floorboards, a fresh coat of paint throughout, stylish window furnishings and light fittings to compliment the brand new kitchen and bathroom that have been fitted.

The light and bright natural light flows right through the home from the moment you open the front door and are greeted by a large living area and into the kitchen which comes equipped with upright gas oven and cooktop, rangehood and plenty of cupboard and storage space while the central bathroom is fitted with an extra wide shower and large vanity. The master bedroom is exceptionally spacious and is fitted with a built in robe while the 2 additional bedrooms are ideal for the growing family to have their own space.

Additional extras include single car carport and extra off street parking, skylight and reverse cycle heating and cooling unit in the living room that services the home plus a large linen press for extra storage in the hall. In the private rear yard there's secure fencing all round plus plenty of space for the kids to play or to make your own touch on the blank canvas awaiting you.

This one will appeal to so many different buyers and inspection is a must, make it yours and enter the 3219 market at a very affordable price!
