Spacious Modern Home with Sweeping City Views

Situated in one of the inner city's most desirable suburbs is this contemporary five-bedroom home, offering space, style and a sweeping outlook from its lofty position.

The low maintenance property has a well-conceived floor plan and boasts multiple areas to live and entertain. The sleek open plan kitchen, dining and living area is situated at the front of the home, perfectly placed to capture views of the surrounding trees and the city skyline. The kitchen features quality stainless steel appliances, a walk in pantry and stone bench tops, including a handy breakfast bar. The deep front veranda is the ideal spot to dine alfresco, while admiring the picturesque vista.

On a split-level, there is a bathroom, laundry and another casual sitting area at the rear of the home, which opens onto a paved terrace, flat lawn and established back garden. This second living space is a great kid-friendly retreat or media room – so vital for family harmony! There are also two bedrooms on this level, with a built-in robe and plush carpet.

On the upper level, there are another three bedrooms, including the spacious Master suite. The generously sized Master enjoys city views and it has a walk-in robe and stylish ensuite. The other bedrooms share the main bathroom.

This is a very comfortable home; it has ducted air conditioning throughout, a handy Vacuum-maid system and a secure double garage, with remote access and plenty of storage space.

The location is so convenient and central. It's just a short walk to Auchenflower Train Station, close to the Wesley Hospital, the shops and services of Toowong and Rosalie Village. It's close to Frew Park and the Roy Emerson Tennis Centre and is in the catchment for Milton State School and Kelvin Grove College.

This is an opportunity to secure a stylish, spacious and modern family home in a premium location.
