Comfortable Seaside Bruny Island Family Home

Built in 1910 this home has witnessed the passing of time and people over the century, whilst retaining some of its original features:

- * Beautiful baltic pine ceilings.
- * Hardwood timber floors, milled from the forest up the back.
- * Open fireplace in the original living room
- * Timber walls and high ceilings.

Looking out over Daniels Bay and North facing the house captures all day sun whilst the heat pump also keeps the house cosy.

A short walk will take you to the Lunawanna jetty, the Sunday Markets at the Community hall, boat ramps and beaches, idyllic location.

This house entices the purchaser to sit back and relax in a comfy old home, look out and enjoy the views and the wildlife skipping by, whilst also offering the potential to renovate at your leisure.
