\$1,100,000 - \$1,200,000

This newly built, timeless Hamptons style home sits elegantly across a corner block opening the home to exceptional views across Western Port Bay. Situated on 561m² in this laidback family locale, it is all about easy living whilst vibrant San Remo shops and gorgeous beaches are literally just a couple of minutes' drive away. A stately entry hall with high ceilings and a double door entry, sets the tone of this beautifully presented residence which flows effortlessly over a single level with study alcove, formal living and a family room opening to the kitchen and dining space. A plush master bedroom suite with walk-in robe and large ensuite with separate toilet, provides a sanctuary at the end of the day with 2 further bedrooms (both with BIR's) privately zoned and serviced by a large bathroom with bath and stunning feature tiles. A fourth bedroom (BIR's) has access to the rear garden and could also be utilised as a study or artist's studio. The entertainer's sized kitchen in the heart of the home overlooks the stunningly landscaped garden and is fitted with a large breakfast bar, five-burner gas cooktop with double oven and stainless-steel appliances, including a dual drawer Fisher and Paykel dishwasher. A large butler's pantry further enhances the storage capacity of this stunning kitchen. Sliding glass doors from the living area open to a deck with Ziptrack blinds with views across the bay. This then leads to an enchanting garden terrace and pergola to offer the ultimate in indoor/outdoor living. The plantation shutters throughout and zoned ducted heating and refrigerated cooling, hint at the level of comfort and quality awaiting in this captivating home. An enviable package for couples and families alike, the property includes, large laundry, ceiling fans, abundant storage, 6 kw solar system, 2000 litre water tank with pump, exposed aggregate drive and pathways and an oversized double remote garage with internal access.
