Stylish, Easy-Care Living

Enhancing its timeless charm with a renewed modern vogue, this artfully renovated 3-bedroom home offers a coveted lifestyle on an easy-care 405 sq. metre (approx.) allotment, mere moments from picturesque parklands, bustling shops, and convenient public transport.

Every detail has been noticed in an immaculate reimagination, leaving nothing left to do except appreciate a life of effortless enjoyment. A perfect marriage of classic elegance and contemporary design begins in the north-facing lounge with its polished hardwood floors and privacy sunblinds, adorned with a crisp colour palette that moves throughout the entire home. Generous proportions continue into a well-equipped kitchen where laminate counters frame an ergonomic design, sweeping outside to a paved and covered terrace ideal for recreation, relaxation, and entertaining.

The three bedrooms each boast built-in robes and privacy blinds, served by a refreshed central bathroom direct access from the main bedroom, supplemented by a full-sized laundry. Additional features include air conditioning, ducted heating, a storage shed, a single carport, an additional car space and a coveted location, within walking distance to Ballam Park, McClelland College, Jubilee Park, Beach Street shops, Karingal Hub and buses, with freeway access and Frankston's CBD just a short drive away.
