This lovely residence radiates true elegance and beauty yet being inviting and comfortable for the whole family. The perfectly positioned Hampton Style kitchen is simply stunning with solid granite bench tops and classic white cabinetry. It is the kitchen you've been dreaming of with an induction cooktop and extra wide oven. The light and airy living areas consist of a lounge room, separate dining plus a family room that adjoins the large alfresco area. The home is fitted with plantation shutters throughout that really adds a touch of class. There are 4 bedrooms in the home along with a main bathroom with separate toilet and powder room, spacious ensuite, plenty of storage cupboards and extra-large laundry. And that's not all; the home sits on an elevated and fully fenced 1006sqm block (with rear double access), an in-ground pool, plenty of yard space for the kids to play, add a large shed if needed plus 26 solar panels installed. The home has everything and the current owners have created a simply immaculate home infused with style and magnificent, panoramic views at the rear to the Mountains and Valleys. An extra bonus is the new flooring throughout in this lovely residence and all you need to do is move in. Hope to see you at the open home.
