Cuteness overload is what this cottage is all about. Situated on a quiet street and tucked away from the traffic, this cottage offers 2 large bedrooms, kitchen, combined laundry and bathroom, and a separate lounge and a lovely area to sit without eyes upon you. It even has a beautiful leafy laneway that takes you to the footpath that is very unassuming. Situated in the town centre, this lovely cottage is just a short walk to coffee shops, beaches, restaurants - all that the township can offer. Park your car for the weekend and just walk a few metres to anywhere to do anything you wish to do. If you do wish to drive anywhere, Swansea offers vineyards offering food, tastings and music on some weekends just 20 minutes to the north and south, or there is Freycinet National Park to do a great walk if that suits your lifestyle more.
