Boutique Langwarrin Park Living

The standards of renovated style and elegance are effortlessly enhanced by this extraordinary 2-bedroom villa, delivering one of the area's most stylish reimaginings at the front of a complex of just two homes.

A timeless brick facade hides a well-zoned design, redefined with timber hybrid floors, premium privacy blinds and a crisp colour palette, centred around a designer kitchen that spares no detail with its stone-look counters and gas cooker. Everyday life pours outside to the vibrant space of the outdoor terrace, a continuation of the secure carport perfect for those with a small boat or trailer.

A stunning full-sized bathroom, separate toilet and laundry sport a modern vogue with near-immediate access from the two robed bedrooms, each featuring plush carpets and ceiling fans. Finished with split-system air conditioning, it delivers an easy-care Langwarrin Park lifestyle the way it is meant to be lived, relishing an easy walk to the Langwarrin General Store Cafe, Langwarrin Park Primary, beautiful parklands and Frankston-bound buses, with Langwarrin Plaza, The Gateway and freeway access all within easy reach.
