GLORIOUS SHADE!

This home is a quiet achiever from the street view, but once you are inside the gate it just keeps giving you reasons to love it!

Walk into the spacious, covered carport area that joins the veranda around front & back of the home - everywhere you look you have more shade! There is a laundry/store room set to the back of the carport that is complete with tiled floor & lockable door.

Once you are inside the home you can easily visualize your life here - from the gorgeous timber kitchen with island bench & dishwasher, to the long lounge / living space with double archway entrances, right down the hall to the 3 generous sized rooms, all with aircon & ceiling fans.

There is an additional room off the kitchen/entry that would be a great office space, or store room for the 'out of sight, out of mind' stuff, and there is a neat green house right at your back door for the vege garden. There is some unused space just off the carport that allows for a future shed / more gardening action!

With sprawling lawns at the front & a curved driveway finishing the look off, 23-25 Riverview is set to make someone a great, low maintenance home for many years to come!
