\$630 per week

This four bedroom home enjoys an expansive floorplan, and is set in a sunny location with views out across the pastures of distant hills. The home has two levels, with a large open kitchen, dining and living area that is kept warm by wood heater. In addition, the home has a separate lounge space, and a staircase that leads down to a two room rumpus area - one with kitchenette - and a double garage. The master bedroom has both walk-in-wardrobe and en-suite, with one of the remaining bedrooms having a generous built-in-wardrobe. The bathroom features both bath and shower, with the laundry located separately. There are two separate toilets - one on each level - as well as a third toilet located outside the back door from laundry. A shed is located to the side of the property - with a workshop area included, and the remainder being utilised as storage for the owner. The owner will utilise the driveway to access their part of the shed, but they have a separate parking space and access, so will only be seen as they use the driveway. The backyard is fenced and includes a covered entertaining area, and the side garden space features a number of fruit trees. From the property it is within 3 kilometres to Huonville, and 35 kilometres to Hobart. No pets are preferred - but may be considered with strong references - and a 12 month lease is on offer. The property is expected to be available 23rd August. We are accepting applications immediately. Please note that the property is not vacant, and inspections are by appointment only.
