This newly renovated weatherboard home is a great option for first-home buyers or those looking for a rental investment. The updated kitchen has ample storage and has been fitted out with a top-of-the-range oven, dishwasher and opens out to the dining area, perfect for entertaining guests. Natural timber floors flow through to a separate lounge area and down the hall to the three bedrooms, which all have built-in robes. The bathroom is practical, with a shower over the bath catering to a family with young children. Internal polished timber stairs lead down to the tiled laundry and a second bathroom. Timber supports under the house offer over 6 feet of height, creating a handy storage option or a great workspace. Outside, the covered patio overlooks a large lawn, perfect for trampolines and cubby houses alike, with tall fences to ensure children and pets are safe. While large side access could be perfect for a shed. For more information about this property or any others on the market, don't hesitate to call Harry Wilson from Wal Murray. The property was affected by the most recent flood in 2022.
