Home Sweet Home...

Loved by this family for over 50 years, its loveable warmth will be evident from the moment you walk through. A neat presentation has the right vibe to call it your home as is, with the excitement to extend to suit your growing family needs at your leisure or simply lease it straight out, until your plans take shape, if you choose to renovate or rebuild a new home, on this favourably Northerly orientated square block.

Behind the classic picket fence, a welcoming hallway & warm polished floorboards leads you through its traditional layout comprising of: Two bedrooms, engaging lounge room, central family bathroom and a light filled kitchen/dining zone. There is also enough room in the backyard to let the kids play, create a veggie garden and enjoy the huge garden shed as either a home office or jamming studio.

This tidy treasure location also enjoys all benefits of its just over Bell Street location, a leisurely walk away to either Gilbert or Nicholson Street trams, good schools and within easy reach to the entertainment precinct at the infamous Pentridge Prison.

Your Affordable Chance...
