Contemporary, Creekfront Family Home

This spacious, architecturally designed family home nestles on more than half an acre 2,364m² with 100m of Chinbible Creek frontage just a short stroll from town centre.

Built in 2007, this quality 256m² under roof home offers high ceilings throughout, two separate living spaces, four generous bedrooms and two spacious bathrooms. The dramatic cathedral ceilings and geometric angles in the living areas, along with north facing windows flood interiors with abundant natural light creating bright airy spaces throughout the day while maintaining privacy.

The home is well designed to take full advantage of its serene surroundings, with expansive private decks and dual-aspect outdoor living spaces that offer picturesque views over the creek reserve and green outlook. The thoughtful design is ideal for inter-generational living with two separate living areas and DA for a granny flat.

Perfect for families, the property features a converted shipping container swimming pool, and the sprawling gardens allow plenty of space for kids to play safely.

Situated a short walk from Mullum's shops, cafes and restaurants and a 20-minute drive to Byron Bay, this home offers the ideal blend of privacy and convenience.

Main features:

- Big, 2007 built, architect designed home on 2,364m² creek front lot
- 4 generous bedrooms & 2 bathrooms
- 256m² house with high ceilings throughout and pitched ceilings in living area
- Huge chef's kitchen overlooking open plan living
- 2364m² block with approval for a granny flat
- Double garage/workshop
- Green outlook over creek reserve with small waterfall
- Stunning, established tropical gardens
- Dual aspect outdoor living with private expansive decks
- Converted shipping container pool & space for kids to play
- Walking distance to the town centre of Mullumbimby
- 20-minute drive to Byron Bay and 45 to the Gold Coast
