INSPIRED DESIGNER LIVING WITH COASTAL AMBIENCE

Beyond its attractive coastal-inspired facade and immaculately landscaped garden, this beautifully renovated 3-bedroom, 2-bathroom residence delivers an enviable ready-to-love lifestyle in a revered family-wise location, moments from dog parks, Bentons Square and excellent schools. Step into the area in style, with crisp white tones inspiring life of ease throughout the well-zoned interior, opening via hybrid timber floors, a large sun-drenched living zone and an open-plan kitchen/meals domain with a seamless indoor-outdoor flow. Create meals within the well-appointed stone-bench kitchen, and cater to guests out on the covered alfresco zone, where Palm Springs-inspired landscaping creates a fabulous backdrop to entertaining and everyday relaxation.

Comfortable for couples, downsizers and young families, the main bedroom at the front of the home enjoys the privacy of a modern ensuite and walk-in robe, whilst two rear bedrooms enjoy the comfort of a central bathroom and separate WC.

Located within a stroll of the Dunns Road playground, off-leash dog park, bus services, and moments from excellent beaches, shopping options and the cafe culture of nearby Main Street. It's also one street away from the stunning nature trail that leads to The Briars, perfect for those wanting a relaxed lifestyle of leisure and tranquillity without all the hard work, and includes a garden shed, automated irrigation system, split system heating and cooling, laundry and remote garage.
