\$1,392,500

Brand new completed four-bedroom SHAWOOD home, idyllically positioned within the family-friendly community of Elara on an immaculately landscaped north-facing lot. Set across two luxurious floors, generous open-plan spaces and striking architectural features define this unique family home and provide an elevated sense of elegance. With only the finest natural materials and pre-engineered technologies, a SHAWOOD home is crafted for the long-term and built to last. Features unique to a SHAWOOD home are:- SHAWOOD homes use a post and beam construction method enhanced with a proprietary metal joint system. This combination ensures that our homes are incredibly strong, accurately assembled, and structurally sound.- SHAWOOD pre-engineers all structural framing in their own Australian factory. With a production tolerance of only 0.5mm to 3mm on site, this precision results in exquisite detailing in every home.- SHAWOOD homes feature a special nano-hydrophilic coating on the exterior that sheds dust and grime daily. This coating is not only low-maintenance but also extremely fire-resistant. Even in extreme conditions, the exterior stays clean with just a light shower, thanks to the hydrophilic properties.- SHAWOOD's advanced cavity wall system promotes airflow and manages moisture levels through natural condensation release, allowing the home to breathe. This increased airflow provides natural cooling in summer and maintains stable comfort throughout the year. Visit our display home by appointment only, 245 Abell Rd, Melonba NSW 2765. Call Jenny on 1800 951 068 to book an appointment or fill out the form and she sales team will be in touch.
