## **Fabulous design with unrivalled coastline views**

The position is one of the finest on the peninsula with its 180° views spanning across the entirety of Whale Beach to the Central Coast and Pittwater; this elegant residence is more than a match for the extraordinary setting. Soaking up all-day sun with a perfect north aspect, it's been architecturally designed with two fully self-contained levels, creating the ultimate holiday home for its owners, extended family and guests. Quiet luxury reigns here: premium-quality finishes across both levels are joined by a clear focus on style and livability, while the spectacular views are front and centre from every part of the residence. The quality extends throughout the home with double brick and concrete construction, ample room for cars and boats, plus security gated entry on an exclusive, cul-de-sac setting.
