AS IMPRESSIVE AS EVER FAMILY-FRIENDLY PROPERTY

The outstanding presentation and fabulous family-friendly home design, sunny aspect lot and location of this property sets it right up there with the best of them in its price and lifestyle category.

Established in 2005 and looking as immaculate as ever, the expansive home is complimented by a wonderful gable patio ready for relaxation or entertaining.

It overlooks the tremendous easy-care backyard, which includes side caravan and boat access to a tradie-worthy 10.5x6m workshop garage and extra gated parking or garden space.

Ideal for modern family living, the home, which has only ever had one couple living in it, is spotless and stylish throughout.

Enjoy the sunlit, laid-back ambiance of the front lounge set off the main entry and opposite the in-vogue master suite, which has spacious robes and a pampering ensuite, which includes a separate spa bath and shower recess.

French doors at end of the entry provide a quiet and private buffer to the substantial light-filled patio and backyard view open family living and dining area. This zone also reveals a finely-appointed galley kitchen plentiful storage and key modern appliances, and a spacious dedicated office.

And like the front wing of the home, the rear family wing can be totally closed off from the hub.

Storage is abundant, with two linen presses in the hall, robes in two of the three bedrooms plus storage in the laundry near bathroom.

As is the case with the remainder of the home and property, this wing presents in top condition.

A leading opportunity for families wanting space, privacy and quality.
